- Town Homes / Condos / Apartments

Special Features

- Under 9" Cube
- Piano Gloss Finish
- 6.5" Active Driver
- Dual 6.5" Passive Radiators
- Limited Edition Colors
- Match Any Décor

Objective

The MiniMe-P63 was designed for those who love to experience music and movies at full throttle but do not have the necessary space for the full size subwoofers.

Designed with one inverted 6.5" active driver and two 6.5" passive radiators this compact sub provides a truly powerful low-end without wasting any energy.

Under 9 inches, this cubic-sub is not only a precisely crafted piece of equipment, but a finely finished piece of furniture as well. Available in white and black piano gloss as well as limited edition color finishes, red, yellow, and silver.

The MiniMe-P63 is sure to be able to match any decor and win the W.A.F & A.A.F.
