

# RCS - Edgeless Reference Ceiling Speakers

## Product Release

R800  
(single)

R8D  
(dual/stereo)

## Audiophile Quality

The newly redesigned RCS Reference Ceiling Speakers maintain their balance of high quality audio and affordability while giving the added bonus of high end visual aesthetics. The new affordable Edgeless design gives a sleek, high end, discrete look while maintaining Earthquake Sound's innovative technology that is unmatched in today's market. Available in four models, the R650, R6D, R800, and R8D, finding the perfect speaker fit for you, your home and your wallet is not a problem!

The RCS series features polypropylene woofer cones for durability and low distortion. Each speaker comes equipped with swiveling tweeters that can be aimed at the direction of the listener for better sound staging.

The new edgeless design paired with the paintable, magnetically attached grilles allow customization to seamlessly blend your speakers in with any décor.

## Features

**NEW Edgeless Design:** Provides a better, more discrete aesthetic to seamlessly integrate into your home

**Swiveling NEO Tweeters:** allows the listener to direct the sound to create enveloping sound fields

**Polypropylene Woofer Cone:** Provides stability and durability reducing distortion

**Wider Surround:** Provides deeper more powerful bass and higher speaker excursion

**Turn-N-Lock™ Mechanism:** Makes fast, efficient, safe, and professional installations easy!

**Custom Compact Spring Loaded Terminals:** Make connecting the speaker fast and easy!

**Paintable Magnetic Grille:** customize the grille by painting it the same color as the installation area and watch your speaker virtually disappear.
